## Report of the School Board.

In accordance with the usual custom, the School Board begs leave to submit its report to the citizens of Moultonboro.

As we look over the past year we can see, in nearly every instance, an improvement in the work done during the fall term of schools over those of the spring. Yet we are sorry to observe in so many instances a lack of interest in scholars, which, in nearly every one, seems traceable to a lack of interest on the part of the parents.

If parents would only take time and interest enough in the welfare of the scholars to visit schools and see for themselves the kind of work that is being done, we think it would be time well spent. Surely, in no other kind of work would so large a per cent of our citizens sit back and not know except by hearsay, the qualifications of our servants.

We have placed a set of maps in the school at the Corner, and one in the school at Centre Harbor with good results, and think it advisable to place them in more of the schools another year. There should be an effort on the part of parents, scholars and teachers to have the text books taken better care of.

Some of the school houses are in good condition, but there are several in very bad shape, which are not even comfortable for the scholars in the latter part of the fall term, and we would recommend that there be an appropriation for the permanent repairs of such school houses.

GEORGE A. BLANCHARD,  
LEWIS A. SIBLY,

Committee.
